HOUSE COMMITTEE APPROVES SOLDIER RELIEF LEGISLATION

Will Probably Carry Provision for Cash Bonus for Service Men

WASHINGTON, April 2.—Soldier relief legislation, with probable provision for a cash bonus funds for which would be raised by sales or luxuries tax was approved today by the house ways and means committee 15 to 6. Details of the bill to be recommended would be worked out by subcommittees.

Members of the committee hope to obtain final action by the house before the contemplated recess for the national political conventions but they express doubt what action by the senate could be had at this session.

Senator Lodge of Massachusetts the Republican leader after a conference today with other senate Republicans as to future legislation in the senate said he thought this would include a bill to give money bonuses to former service men, with provisions for a special tax to raise the necessary funds. The program approved by the house committee declares against any bond issue.

Committee discussion was said to have indicated approval of a plan of extending vocational education as an alternative to the cash bonus. These two plans are a part of the American Legion's program. Its other selected plan of government aid to soldiers and sailors for building homes or obtaining ownership of farms were said by some members of the committee to involve too many difficulties to be worked out by legislation before the recess. Spokesmen for the committee said it was planned to have the final draft of the legislation ready for submission to the house within a fortnight. As no decision was made as to the amount of the bonus or the cost of other plans that might be adopted, it was said that no estimate of the funds needed could be made at this time.

The program is understood to have the approval of the Republican leaders of the house assuring early consideration for it.

HELD RUBBER SOCIAL AT WOODSON FRIDAY

Juniors of Christian Church Sunday School Raise Neat Sum for Easter Offering— Rev. O. L. Hawkins to Preach Sunday.

The Juniors of the Christian church Sunday school of Woodson held a rubber social in the basement of the church Friday afternoon. A prize of $1 had been offered by the superintendent of the school, Wilbert Fitzsimmons, to the girl and the boy bringing the most rubber. Miss Bernice Henry was the winner of the girl's prize and Paul Jones won the boy's prize. The former brought 60 lbs and the latter 40 lbs.

There was a total of 394½ lbs. of rubber brought all together and this was sold for $11.70. This sum will be applied to the Easter offering Sunday morning, when there will be a program given by the children at 10 a. m., and to which everybody is invited. The offering will be sent to the orphans' home at St. Louis. The little folks take great pride in helping in this way to aid the work at the orphans' home.

During the afternoon Friday games were played and the little ones were also served ice cream and cake. Needless to say, all thoroly enjoyed themselves, and departed feeling happy to have a part in so good and noble a work.

At the close of the Easter program Sunday morning Rev. Oscar L. Hawkins of Elkville, Ill., will deliver a sermon and also Sunday evening at 7 o'clock.

TRAINMEN WILL RETURN TO WORK

CHICAGO, April 2.—Differences over working agreements virtually were settled tonight at a meeting of representatives of the Brotherhood of Railway trainmen and officers of the Chicago, Rock Island and Pacific Railroad it was said by a conference after an executive meeting.

A new set of working rules would be submitted and siged tomorrow, it was said and the referendum taken by the brotherhood employes disregarded.

A. F. Whitney, vice president of the brotherhood and H. P. Gallagher, general chairman, represente the brotherhood at the meeting, which was held immediately following the canvassing of the strike vote.

No question of wages entered into the controversy, union officers said asesrting the men would stand by their contract. Demands for a revision of working rules, on which the referendum was conducted, were acceded by railroad officers it was asid.

REPORT SIX LAKE VESSELS IN DANGER

Ludington, Mich., April 2—Six lake vessels, Pere Marquette car ferrys 15, 17, 18 and 20 and Pere Marquette Line Steamer No. 4, were imprisoned tonight in one of the largest ice packs of the winter just off this port and battling to free themselves in a blinding snow storm driven by a forty mile gale. Marine men expressed fear for the safety of the vessels owing to their proximity to shore and the high wind. About 150 Ludington men comprise the crews. It was not known here whether the vessels carried passengers.

NEW INCIDENTS IN MEXICO REPORTED

One American Killed and Several Others Injured—State Department Will Investigate Affairs.

Washington, April 2.—Two new incidents involving American citizens in Mexico were reported today to the state department.

One of the attacks resulted in the killing of H. A. Jafredson, an American and the wounding, probably fatally of Alexander Oberg, whose nationality was not stated at the Amatlan Camp of the International Petroleum company by whom both were employed. The attack, which occurred March 30, is stated in the despatch to have been made by Mexican fellow employes. The department instructed the embassy at Mexico City and the consulate at Tampico to urge the Mexican government to institute measures to apprehend and punish the Mexicans involved.

The second incident was an attack on train on which Major Edgar W. Burr, military attache of the American embassy at Mexico City, Mrs. Burr and two other Americans, Dr. Florence Haile and a Mr. Hurd, were traveling. All escaped without injury. The attack took place March 28 near Tres Marias on the Mexico City Cuernavaca line. The department was informed from Calexico that Calixto Ruiz, charged with the murders of Lieutenants Connolly and Waterhouse, American aviators, whose bodies were found in Lower California had confessed to the crime and would be tried at Tia Juana.

Another despatch said orders for the return of the airplanes of Lieutenants G. L. Usher and L. M. Wolf, army aviators who recently were forced to land in Sonora had been issued.

FRYE POULTRY HOUSE IS DAMAGED BY FIRE

Blaze Starts from Defective Chimney—Loss Will Exceed $2,000.

Fire which started from a defective chimney badly damaged the poultry establishment of H. E. Frye & Company, 509 North Main street, Friday night.

The loss to building and contents is estimated at between two and three thousand dollars. The building is valued at about $3,000 and the contents at about the same figure. The loss is fully covered by insurance.

Albert DeFrates has rooms in the second story of the Frye building. He started a fire in a heating stove early in the evening and went up town.

The soot caught fire in the chimney and fire started in the attic of the building. The flames were discovered at 9 o'clock and had gained considerable headway.

The fire department made a quick run and by hard work soon had the blaze under control.

PRESENT FASHIONS OF WOMEN ASSAILED

London, March 27.—Prevailing fashions in women's gowns were vigorously assailed in a sermon recently by Rev. Bernard Vaughan, the widely known Jesuit ffather whose essays and sermons on morality and home life have for the past 20 years attracted international attention.

'In days gone by, ladies dressed for dinner, now they undress for it", he declared. "Women's clothing ought to serve the three purposes of decency, of warmth, and of ornament. Women in their mad craze for what is known as 'emotional gowns', sin against every canon of good taste. Such dresses are immodest, unhealthy and as ugly as they are expensive. Girls who follow the up-to-date fashions are ruining their own and their neighbors' souls as well as their own bodies."

U. S. OPERATION OF SHIPS NOT SUCCESS

Los Angeles, California, April 2.—The United States shipping board, as such, was a failure, H. M. Robinson, former member of the shipping board, said last night at a dinner given by the world traders of Los Angeles.

"The effort of the government to operatte 2,000 merchant ships was a perfect absurdity and all persons who are familiar with shipping and the operation of ships declare that the operation of more than 40 vessels by any one concern is next to impossible,'" he said.

Mr. Robinson declared the sale of the government operated ships would mean comparatively small loss.

"The ships constructed by the government have cost about $2,800,000,000 and when sold will net the government about $2,000,000,000", he said.

NURSES HOLD BAZAR

The Graduate nurses of Passavant Hospital will hold a market and bazar this afternoon at Watt's candy shop on East State street. They will have for sale, candies, pastries and fancy work. The money realized from this sale will be used to help furnish the room in the new wing at the hospital which the nurses are fletting out.

OPERATORS GIVE BONDS

Chicago, April 2.—Three of fifteen Chicago coal operators indicted at Indianapolis for alleged conspiracy to limit coal production appeared before United States Commissioner Mason and gave bonds of $10,000 each. They ewre Walter S. Bogle, H. C. Adams and Robert E. Lee.

WHOLE RAILROAD WAGE CONTROVERSY BEFORE PRESIDENT

Executives and Union Chiefs Unable to Reach Agreement in Conference

WASHINGTON, April 2.—The whole railroad wage controversy was placed before President Wilson today for the third time since railroad labor filed its demands for a general increase in wages, last summer.

In a letter to the president, B. M. Jewell, chairman of the railway committee which constitutes the labor party on the railroad wage board, said he regretted very much "to advise you of our failure to obtain any beneficial results from these conferences."

The employes, Mr. Jewell said, were keenly disappointed at the position taken by the railway executives' committee which announced last night a deadlock and the withdrawal of the railroad members from the conference.

Mr. Jewell did not ask the president to ask the railroad wake controversy before the railroad labo rboard which is to be nominated by the president as provided in the transportation act and on which the public will have representation.

Attached to Mr. Jewell's letter was correspondence setting forth the attitude of the men and the executive committee. E. T. Whiter for the railway executives wrote that while an agreement as to wages might be reached by direct negotiations between representatives of the roads and the men the executives did not believe congress contemplated a settlement involving so great an addition to transportation costs without the public being represented in the conference.

Replying to this letter Mr. Jewell said he believed the heason given by the managers for ending the negotiations was "not in accord with our understanding of the law."

"The attitude of your committee in failing to carry out the wishes of the president of the United States comes as a surprise to us," Mr. Jewell wrote to Mr. Whiter. "It will result in keen disappointment to our constituents as well as the general public both of whom are parties at interest and entitled to more consideration from the bipartisan board than you have elected to give.

"We understand this that your committee has definitely declined to assume the responsibility and perform the duty which is so clearly desired in the public interest and which the transportation act, as we understand it contemplates: that of agreeing in conference upon rates of pay for railroad employes which are just and reasonable."

Union officials reiterated, that at the request of the president, "they ere going along to give the transportation act a fair trial," although they did not indorse any of its provisions. They took the position with the breaking up of the joint conference the whole matter was made more difficult since the union membership was becoming restive.

SAYS OPERATORS WILL NOT GOUGE PUBLIC

New York, April 2.—"Responsible bituminous coal operators will condemn any unwarrantable price and any profiteering policies," Thomas T. Brewster, chairman of the scale committee of the bituminous coal operators declared in a statement issued here tonight.

'Insinuations that the coal operators are going to gouge the public because of the recent 27 percent advance in wages, as put out by the United Mine Workers' spokesmen in the guise of protest in the public interest, are sheer nonsense," said Mr. Brewster.

"During the coal miner's entirely unwarranted and unlawful cessation from work, all stocks of coal were depleted and a shortage exists thruout the country. The replenishing of stocks has been retarded by a serious coal shortage. Consequently, large consumers of soft coal are competing for the available supply, which has resulted in the offer of higher prices than the operators are willing to accept.

All responsible operators will condemn any unwarrantable price or any profiteering policies.

The bituminous coal commission having awarded the miners a wage scale giving them very high earning power, the public now has the right to demand more work with advanced coal production and less talk.

GUY LYNN IMPROVES

Friends of Guy Lynn, who is at the Woodman sanatorium in Colorado, have received word that he is already feeling much improved since his stay of but a few weeks there. Mr. Lynn writes that he is gaining in strength and weight. He and his friends are quite confident that he took "the stitch in time" and that his complete recovery will be but a matter of a short time. Naturally Mr. Lynn is very enthusiastic over the beneficence of the M. W. A. order in providing such an institution.

CANTATA IS GIVEN AT CHRISTIAN CHURCH

Was Given in Brilliant Manner by Combined Glee Clubs of Illinois College—Prof. Keep Directed Work and Sang Tenor Roles.

The cantata sung by the combined glee clubs of Illinois College last night at the Central Christian church proved to be one of the best choral performances ever given in Jacksonville, and a wonderful culmination to the pre-Easter services held by the church.

The beautiful work was sung with an understanding of its significance which brought out the full meaning of the text, the last words of Our Savior on the Cross, the chorus sang with beauty of tone, precision of rhythm and interpretation which left its hearers the better for listening to such inspired music.

Miss Ethyl Hughes sung the music alloted to the soprano with simple pathos and beauty. The clear quality of her voice reaching to the limit of the auditorium, Robert Shoemaker proved himself an artist, the fourth word "My God why hast Thou forsaken Me" surely has seldom been sung better if as well he used a baritone voice of beautiful quality and wide range with splendid restraint, his interpretation being most artistic.

Prof. Charles Keep directed the performance in his usual masterly style, at all times having his chorus well under control, it speaks volumes for Mr. Keep's directing that such a beautiful composition should be produced in so short a time, he also sang the tenor solos with beautiful voice and artistic sense.

Mr. Wessner at short notice presided at the organ and his splendid accompaniments proved himself a master of the instrument.

Miss Martha Priest, who assisted with the piano also showed an ability and helpfulness not to be underestimated.

Jacksonville is indeed fortunate in having two splendid glee clubs capable of singing such choral works and they are a credit to Illinois College, the next big production wil be Gilbert and Sullivan's opera "The Mikado."

CHARGE FATHER WITH INHUMAN TREATMENT

New York, April 2.—Charged with cruel and inhuman treatment of his 17-year old daughter, Minnie John Gallander, known on the stage as Gallander, a clay sculptor, was arraigned in a Brooklyn court today and held in $2,500 bail for a hearing later. Nearly 100 scars were found on the girl's body, District Attorney Lewis said.

Affidavits filed with the court alleged she had been branded with hot irons, scalded, struck with ice picks, hat pins and darning needles, and that some of her teeth had been broken and then pulled out with pliers.

MARCH REDUCTION OF NATIONAL DEBT IS NEAR BILLION MARK

Interesting Figures are Made Public by the Treasury Department

WASHINGTON, April 2.—A reduction of $705,660,000 in the national debt—more than double the amount by which the debt was lowered during any previous month—was accomplished during March, the treasury reported tonight. The national debt now stands at $24,698,000,000. Officials said this record could not be used as a basis for forecasting further monthly reductions. They regarded it, however, as sound evidence of the success of the treasury program for financing, the post-war period when government expenditures still continue to run high. March payments on the public debt were confined almost wholly to retirement of certifi cates of indebtedness issued in anticipation of income and profit taxes.

Reductions by months since August when the retirements began were:

October $ 15,533,000.
November . . . 94,478,000.
December . . . 278,974,000.
January 168,689,000.
February . . . 264,057,000.

Future monthly reductions will hinge largely on new appropriations and tax legislation, officials said. They expected however, that operation of the sinking fund would reflect more and more on the gross national debt each month hereafter. None would venture a prediction as to the net reduction for the calendar year. As the public debt now stands it is made up of $15,616,800,000 comprising the four issues of liberty bonds; $4,422,700,000 of victory short term notes; $2,667,220,00 in treasury certificates; $870,000,000 in war savings certificates and approximately $1,000,000,000 in bonds issued prior to the world war.

DUESSELDORF STRIKE IS CALLED OFF

DUESSELDORF, April 2.—(By The Associated Press.)—Control by the workmen ceased theoretically at noon today thruout the Ruhr district under the peace terms ratified last night at Essen. Today being Good Friday, religious ceremonies were strictly observed. The turning over of their duties to the police in the various cities is expected to be a gradual process.

The general strike was called off this morning and resumption of work will take place tomorrow. Street cars, however, were operating in most places today.

The workmen's leaders are satisfied that there will be no great difficulty in executing the terms of agreement virtually all arms in Duesseldorff being already deposited in the barracks and other buildings.

The moderates are confident that cooler counsel will prevail, expressing the belief that the stories are based on some error brought about by misunderstanding which the alarmists are construing as an invasion.

CONTINUE TO OPERATE FERRIES

New York, April 2—Railroad-owned ferry boats, upon which New York city depends for transportation of its food supplies are operating practically normally, despite the marine workers strike J. J. Mantell, railroad managers' representative announced tonight. The tug boat situation looks very good and normal conditions are expected to prevail by Monday, he added. Officials of the marine workers' affiliation claimed 6,000 employes on lighters, tugs and ferries had struck, and that the vessels now running were being operated by strike breakers. Unless the strikers' demand for an eight hour day is granted, union officials threatened to spread the walkout to the longshoremens' and other harbor workers' organizations and completely tie up the port.

CHICAGO FIREMEN MAY STRIKE APRIL 7

Men Demand Wage Increase of $300 Year—No Action Yet Taken by City Council.

Chicago, April 2.—The resignations of 1,100 Chicago firemen, effective April 7 could not be presented until a committee representing the firemen's organization conferred with Mayor Thompson tomorrow officers announced tonight. The firemen are asking a wage increase of $300 a year.

The committee will present its demands, it was announced, and take the answer back to a meeting of the firemen, who would then take definite action.

While settlements of the firemen's dispute was in the balance, the city hall today buzzed with activity in every department as the 1,000 clerks and stenographers who had been on strike since Monday, returned to work.

Seventy four food inspectors who also were on strike, and 350 garbage handlers also reported for duty all dissatisfied groups of city employes having agreed at a meeting with the mayor and President Percy B. Coffin of the civil service commission to leave their wage differences to a board of arbitration. At the first meeting of the arbitration commission it was agreed that the committee would have no power to reopen the budget which provided salary increases of ten percent to all city employes. Complaints from the various groups of city workers would be heard and a program arranged for next year it was announced.

PLAN CAMPAIGN WORK FOR ILLINOIS COLLEGE

Team Captains Held Conference With Dr. Rammelkamp at Dunlap Friday Night.

Some further steps in organization for the Illinois college financial campaign were made Friday evening, when captains of the teams were guests of Dr. C. H. Rammelkamp at the Dunlap house at dinner. The company included, in addition to the team captains, Dr. Thomas Smith, who is assisting President Rammelkamp and who is serving as assistant director of the campaign.

After an excellent dinner had been served in the ordinary of the hotel, some general facts about the campaign work were stated by President Rammelkamp and organization plans were fully discussed. There will be eight teams each with a membership of eight, and the canvass will be made in accordance with the cards allotted to each team. Headquarters will be maintained at the Y. M. C. A. and the teams are expected to meet there daily at luncheon and make their reports.

Next Friday all team members are to meet with the alumni of the college at the annual banquet which will be served at Central Christian church. At that time the teams will perfect their individual organization for work and are expected to make their first reports on the following Monday.

The several captains appointed are Rev. M. L. Pontius, H. M. Capps, E. H. Gray, R. I. Dunlap, R. Y. Rowe, L. S. Doane, Harrison King, and J. W. Walton. At the conference last night Judge Samuell was present in place of Mr. Rowe, who is out of the city for a few days.

Washington, April 2—Release of all American Red Cross workers held prisoner in Siberia by the Bolscheviki with the exception of Alexander C. Tweedie, of New York, was reported today to National Headquarters. The last report from Tweedie said he was ill with typhus at Kasnoyarak.

The following were freed on March 23: Otto Owe, New York, Joseph R. Medill, Jaros, Colorado, Harry J. Donnalley, Philadelphia, Dr. William H. Ford, Kingston, Okla. and H. N. Bonzo, Manila. All of the other captives reported that they suffered no harm while in the hands of the Bolsheviki.

The cablegram also reported the safety of all nurses and roctors connected with the Red Cross who recently arrived at Vladivostok from Tomsk.

DECLARE BRODERICK CASE A MISTRIAL

ST. LOUIS, Mo., April 2.—A mistrial was declared tonight in the case of Ursula Broderick, 16 years old, charged with first degree murder for killing her stepfather, Joseph F. Woodlock. After deliberating for more than 24 hours the foreman of the jury reported that the body was "hopelessly deadlocked." Judge Klene, presiding then declared a mistrial and ordered the case retried on May 3.

The foreman stated that the jury had stood ten for conviction and two for acquital since last night.

The defdant was apparently unmoved by the result and asserted that she was not worried as to the ultimate outcome when the case again goes to trial.

In October, 1916, Ursula shot and killed her father, Thomas P. Broderick, but was exonerated by a coroner's jury.

NEGRO HANGED.

Spartanburg, S. C., April 2.—George Robertson, a negro, was taken from the city jail at Laurens, S. C., last midnight by a mob and hanged to a railroad bridge on the outskirts of the city.

CENTRALIZATION OF U. S. GOVGRNMENT IS NEAR DANGER POINT

Gov. Lowden Tells Flint, Mich., Audience in Campaign Speech Last Night

FLINT, Mich., April 2.—The tendency toward the centralization of the government has already reached the danger point Governor Frank O. Lowden of Illinois, candidate for the Republican nomination for president declared in an address tonight.

"The municipalities are ceasing to function as well as they have in the past," he said. "They are calling for help from the states more and more and the states are leaning more and more heavily upon the federal government.

"The activities which a generation ago were assumed by every one to fall particularly within the sphere of the state or the municipality, are now being discharged in Washington. The inevitable result if the practice is continued long enough will be the breaking down of local government in this country.

"In my opinion there is no greater menace to the future of our institutions than the failure of local self-government. It is conceivable that you can rule an empire from its capital, but you cannot rule a republic of the extent of ours from its capital. The people in the several communities must be able to take care of themselves and to govern themselves."

Governor Lowden said a great danger lurked in the tendency of municipalities and states to call for state and federal troops in times of trouble asserting that unless a community was capable of ruling itself thru its civil authorities it became a liability not an asset to the country.

Because of the co-operation of civil authorities in Illinois during the steel strike, Governor Lowden said it was not necessary to call out a soldier to preserve order.

"Soldiers are necessary," he said, "They always will be necessary to meet extraordinary emergencies, but we should on the theory that every time we have to resort to military force we have weakened the foundations of our republic just to that extent and have dissipated our assets to that extent."

HOUSE MEMBERS PLAN TRIP TO THE ORIENT

Will Study Various Problems Before Body in Connection With Hawaii, Philippines, China and Japan.

Washington, April 2.—More than a hundred members of the house plan to leave San Francisco July 5 aboard the Transport Mount Vernon for a two months trip to the Orient. The itinerary will include Hawaii, the Philippines, China and Japan.

A great deal of sympathy has been wasted on the horse because the automobile has supposedly been putting this highly valuable domestic animal out of business.

Recently at a big sale of draft horses prices averaged more than $456 a head. This is said to be the highest average price on record at such a sale. There still is a demand for heavy draft animals even if the number of auto trucks manufactured is increasing every day.

Evidently members of the building trades council in Cleveland are not impressed with the belief that larger production is one of the greatest present needs of the country. A delegate movement has been started there to discourage overtime work. The workers maintain that the eight hour day is jeopardized by the extensive amount of overtime work and that the higher pay for such work does not rectify the alleged wrong done.

MORE GOOD NEWS FOR THE CONSUMER

Governors of ten coal producing states are planning to meet in Louisville next summer and exchange views on placing a uniform tax on the production of coal in each state. The plan is followed now in several eastern states, with the result that the revenues are largely increased. However, the consumer must have no illusions about such a tax coming from the pocket of the coal operators, for it will be speedily passed on to the public.

A NEBRASKA PROPOSAL

The industrial court plan which Gov. Allen fostered in Kansas has not been tried long but has attracted such attention that a similar proposal is made in Nebraska. At a special election the people will have the chance to express their views on the establishment of such a court.

If an industrial court can be maintained in a way to satisfactorily end the controversies between employers and employes and define the rights of each, a vast step will be taken toward the peace and happiness of the world.

Now that Delaware has so strongly defeated the suffrage proposal it remains for some other state to win the honor of giving the decisive ratification and thus extending to women the franchise rights. There would probably be more of a contest for this honor among the states had the number of those ratifying been more equally divided from a party standpoint. As it is, the records show that of the states ratifying an overwhelming majority is Republican.

The hundreds of Chicago firemen who are talking about resigning from the city's services have at least had the goodness to tell the authorities about their intentions. It is a safe guess that they have obtained much more support for their demand for increased wages by giving advance notice of their intention to quit, than they would have done by merely striking and seeking to force the increases thru the creation of an emergency.

THE CHANGING TIMES

It was not so very many years ago that the U. S. was astonished with the announcement that the Wright Bros. aeroplane had been sustained for a full minute in the air while carrying a passenger. Recently a lad of fourteen years of age flew his non-piloted monoplane more than 4,000 feet in the air. Today the Illinois Model Aeroplane club has in its membership forty boy aeroplane builders and they frequently give air demonstrations.

It's no wonder that kite flying has become almost an obsolete sport. It's too tame for the youth of today.

THE MINNESOTA RESULT

(From the Sioux Falls Argus-Leader)

The total vote cast in the Minnesota hour primary as compiled to date, was 29,140. The total republican vote of that state in the last presidential election was 179,544. Since then the women have been given the ballot and the total number of republican voters in Minnesota today can not be far short of 350,000. Thus in the primary of which some candidates boasted so much not one republican vote in seven was cast.

Some precincts did not even open the polls. In others, there were no ballots. In still others, no one voted but the judges. The primary was not provided by law, and the newspapers concerned themselves not with the preferential vote but with the factional affiliations of the delegates selected for the conventions. It now appears, that instead of getting the whole Minnesota delegation, General Wood is certain of getting only 10. Governor Lowden has twelve and possibly fourteen. These facts which were published in the Argus-Leader before the primaries and are only now beginning to appear in the South Dakota papers that supported General Wood. Up to last Tuesday they represented that the general had won a great victory in Minnesota.

In Minnehaha county the vote was, Johnson, 3148; Lowden, 2672, and Wood, 2279.

April.

With April comes the feeling that winter's hit the ceiling, and spring at last is here; we are not always freezing, or catching cold and sneezing and flu germs disappear. The winter's grim and dreary, it makes us sad and weary, it fills our bones with aches; but April is enchanting and we begin our planting and plying hoes and rakes. The winter's knell is tolling and naught is more consoling that is the breath of spring; there's solace in its breezes, and men are simply cheeses who do not dance and sing. The tumble-bug is tumbling, the bumblebees are bumbling, the grass is getting green; this fact appeals to reason; there is no better season for burning gasoline. Oh, April is a hummer, she is the cheerful comer who gets the welcome sign; tho sometimes wet and windy, inclined to raise a shindy, her curves are mostly fine. She shows that winter's ended, for she is not attended by snow and ice and sleet; with cold she's never stung us, and so she lands among us with both her queenly feet.

NOTICE TO OWNERS OF DOGS

The law now provides that the owners of dogs shall pay to the county assessor at the time of the annual assessment $1 for each male dog and $3 for each female dog owned. Please be prepared to comply with the law's requirement when the assessor calls.

BASKETBALL MEN RECEIVED "J's"

High school basketball men who played the past season were awarded the official J Friday.

The Board of control has been busy for several days figuring out the standing of the men. The following men were awarded the letter for actual playing time. Capt. Fred Lucas, Arthur Green, Donald Ransdell and James Wood.

Harold Hunter, Egbert Hunt, Albin Molohon and Paul Gard were prevented from playing full time by illness or injury. However, they also were awarded the letter, as all of them did excellent work and played their best when men were out because of sickness and thus earned a right to the letter.

MRS. HERMAN JOHNSON TO BE BURIED SUNDAY

Funeral Services for Well Known Resident to Be Held at Residence Sunday Afternoon.

Funeral services for Mrs. Herman Johnson will be held from the residence, 658 South West street at 2:30 o'clock Sunday afternoon. Interment will be in Diamond Grove cemetery.

At the age of sixty five years Mrs. Johnson was a woman of great personal charm and was held in beloved esteem by a large circle of friends and relatives. Those who knew Mrs. Johnson best realized fully the sweetness of her spirit, for her influence was always of a kindly and uplifting kind. Her home was her dearest possession and thru all the years Mrs. Johnson sought with great success to make it a place of cheer and happiness. So her death has brought especial sorrow to the immediate members of her family. It will be a consolation to them to know that her influence can live on thru the years altho they will not have the comfort of her presence.

Five years ago one daughter, Miss Esther Johnson, died. The deceased leaves in addition to her husband two daughters, Amanda and Mrs. Fred E. Darr of this city; two sons, Gus A., of Portland, Ore., and Arthur of St. Paul, Minn. She leaves also three grandchildren, Stanley Darr, Macy A. Johnson and Emma Jane Johnson.

CHIROPRACTIC lives and advances because it is founded on Natural Laws of Health. In just a few years it has grown from a "quack" idea for which its handful of practitioners were persecuted and jailed, to a recognized science that has benefited thousands, and has its many schools and associations, with practitioners in every nook and corner of the country.

A REAL HOPE OF RELIEF

Why this growth? Because Chiropractic offers to suffering humanity the richest gift of Nature—health. It grows because thinking people know that sickness is unnatural in a normal body, and are eagerly taking up that science which attacks the abnormal sick conditions in the logical way, and, without drugs or knife, removes the cause of disease.

The Chiropractor does not cure. He puts the body in tune with nature and the natural healing forces build up and strengthen the weak and diseased organs and tissues. He has found that certain diseases are the result of the pressure of the spinal bones on the nerves which obstructs the life-giving currents. By adjusting certain parts of the spine and removing the pressure, illness in those organs that these nerves feed, can be relieved. Through

CHIROPRACTIC
THE BETTER WAY TO HEALTH

the most miraculous benefits have been bestowed upon thousands after all other methods have failed. In many cases where children, men and women have been given up, or pronounced incurable, complete restoration followed the employment of Chiropractic (KKI-RO-PRAK-TIC) methods. To the sick it offers a real hope of relief. Send your name and full information about Chiropractic will be given.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

SICK WOMEN HEAR ME

You Can Be Free from Pain as I Am, if You Do as I Did

Harrington, Me.—"I suffered with backache, pains through my hips and such a bearing down feeling that I could not stand on my feet. I also had other distressing symptoms. At times I had to give up work. I tried a number of remedies but Lydia E. Pinkham's Vegetable Compound did me more good than anything else. I am regular, do not suffer the pains I used to, keep house and do all my work. I recommend your medicine to all who suffer as I did and you may use my letter as you like."—Mrs. MINNIE MITCHELL, Harrington, Me.

There are many women who suffer as Mrs. Mitchell did and who are being benefited by this great medicine every day. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration.

Lydia E. Pinkham's Vegetable Compound contains no narcotics or harmful drugs. It is made from extracts of roots and herbs and is a safe medium for women. If you need special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

COUGHING, WEAK AND RUN-DOWN AFTER FLU

Regained flesh and strength quickly, and tells how.

"I nearly died from 'flu' last October, and it left me with a terrible cough. The doctor gave me one bottle of medicine after another, but it did me no good. Went to Charlotte, N. C., and took treatment of a specialist without any permanent benefit.

"I saw Milks Emulsion advertised and started using it. It helped me right from the start. I had no appetite and my stomach was in bad shape. But 12 bottles have straightened me out entirely. I eat anything without distress, my cough is gone and I have gained back my strength and flesh."—Emma Witherspoon, Box 50, Belmont, N. C.

Don't trifle with a weak, run-down condition. It leaves you open to serious diseases. Get your strength back. Milks Emulsion costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength Milks Emulsion is strongly recommended to those whom sickness has reduced, and is a powerful aid in overcoming and repairing the effects of such diseases. Chronic stomach troubles and constipation are generally relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is often eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine. s

NOVEL ANNOUNCEMENT PARTY AT WINCHESTER

Approaching Marriage of Miss Edith Watt and Thomas Dugan Announced at Party Friday Afternoon — Other Winchester Happenings of Interest.

Winchester, April 2.—Mrs. D. D. Watt and daughters, Misses Margaret and Edith, entertained about forty relatives and friends Wednesday afternoon between the hours of 3 and 6. The afternoon was spent in a pleasant social way and a musical program was an enjoyable feature. Vocal numbers were given by Mrs. S. G. Smith, Misses Winifred Morris and Louise Frost, while piano selections were furnished by Miss Lavinda Obermeyer of Chicago and Mrs. Margaret Seeley of White Hall.

During the afternoon little Jane Gibbs entered the room accompanied by a walking doll. The doll was gowned as a bride and on her arm was a basket containing a card with the word "June" thereon. At this time Mrs. J. W. Eckman played the wedding march. This unique feature announced the approaching marriage of Miss Edith Watt to Mr. Thomas Dugan.

The Watt home was prettily decorated for the occasion, a pink and white color scheme being carried out in the decorations and in the luncheon which was served. Roses and other cut flowers were used with charming effect in the rooms at the disposal of the guests. The occasion was in every way a most delightful one.

Miss Helen Miner arrived home Friday afternoon from Jacksonville to enjoy the Easter vacation.

Mrs. Alonzo Ellis of White Hall was a visitor Friday at the home of Mr. and Mrs. Grant Mader.

Mr. and Mrs. J. E. Lilley of Oshkosh, Nebr., arrived Thursday night to visit at the home of Mr. and Mrs. Grant Mader. Mr. Lilley was a resident of Winchester for many years but this is his first visit here in twelve years.

The fire department was called at 12:30 o'clock to the home of George Stewart on South Main street. A flue burned out and for a while it was thought that the house would be totally destroyed. Fortunately the flames did not gain much headway, altho the wind was high and it was difficult to extinguish the blaze. Nearly all the furniture was carried from the house and neighbors and friends kindly assisted in carrying it back after the fire was extinguished. But little damage was done.

Mrs. William Babb of Jacksonville arrived Friday to visit at the home of Mr. and Mrs. D. D. Watt.

Mrs. Clifford Cooper of Alsey was a visitor in Winchester Friday.

Miss Taylor, community nurse, returned Friday from Bluffs where she visited the schools.

Albert Hainsfurther, Jr., arrived home Thursday night from Washington University, St. Louis, to spend the Easter vacation.

Mrs. R. M. Wills, who has been confined to her home for several weeks on account of illness, is improving.

Vincent VanMeter returned Friday afternoon from Carlinville where he visited his son, Frank VanMeter and family.

Mrs. Wilson Coultas and Misses Frances Coultas and Ethel McClure motored to Jacksonville Friday morning.

Wanted Immediately—A stock girl for Herman's millinery department. Good opportunity for advancement. Apply at once.

Black.

Alexander Black died at his home, 414 Anna street at 12:30 o'clock Friday morning. He had been ill for several months. The remains were removed to the undertaking parlors of J. H. O'Donnell and prepared for burial. Deceased was a barber by occupation and came here from St. Louis several years ago. His widow and two children survive. No arrangements for the funeral have been made.

Rheumatism's Pains Cannot Be Rubbed Away

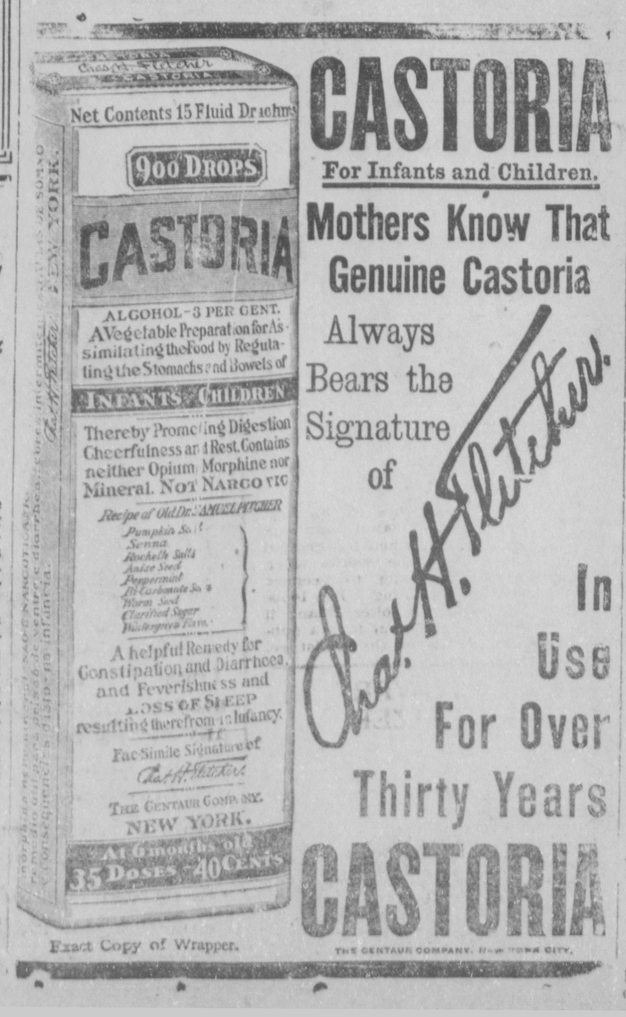

The Disease is Deep-Seated and Is Caused by Germs in the Blood.

Rheumatism is a sturdy fot, and it never uses gentle methods with its victims. If the disease was confined to the surface there might be some logic in expecting relief from its clutches by rubbing with liniments and lotions. Zut a disease that can cause so much pain and suffering is deep-seated, and has its source far below the surface of the skin.

The only sensible treatment from which you can expect results is from a remedy that goes deep down into the blood supply, and kills the germs that cause the disease.

S. S. S. is a wonderful blood remedy, and is the logical treatment for Rheumatism, because it promptly permeates the entire blood supply, and searches out and kills the disease germs. You can take S. S. S. with the assurance that you are not experimenting, for this fine old remedy has been in constant use for more than fifty years, during which time it has been giving splendid results. So you owe it to yourself to take S. S. S. without delay, and discard the use of local treatments that can do you no good.

YEAR'S REPORT MADE AT WESTMINSTER

Excellent Showing Made in all Department—Dr. Landis to End Pastorate Here When Presbytery Meets.

At a meeting held at Westminster church Friday night the members joined with the pastor in asking the Presbytery to sever the pastoral relation April 21. Several weeks since Dr. E. B. Landis, who has served the church for the past four years with splendid success, presented his resignation indicating his desire to take up state work in the Interchurch movement. While action was being taken on the resignation last night, Rev. Marion Humphreys, presbyterial minister, presided as moderator. It was the occasion for the presentation of reports from different departments of church work and all indicated a period of successful activity.

Certain Officers Elected.

The terms of office of R. R. Stevenson, C. W. Taylor and C. H. Rammelkamp as elders expired and they were re-elected for a three year period. To fill the vacancy caused by the resignation of C. Spruit from the board of elders the membership elected J. Marshall Miller. The members also chose Henry B. Kamm his own successor as a deacon.

Early in the proceedings the pastor announced the appointment of the following committee to represent the church at the county Interchurch conference to be held at an early date: Dr. F. C. Noyes, W. J. Brady, Mrs. R. R Stevenson, Mrs. W. S. Jones, Misses Jessie and Louise Holmes, Misses Edith Askew, Anne McCormick, Claire Stevenson and Marian Updegraff.

Mr. Ensley Moore was called upon to read the roll of members who have passed away during the year. With appropriate comment Mr. Moore mentioned Mrs. W. T. Brown, Mrs. Mary Johnson, Mrs. Annie E. Ayers, Miss Hattie Phillips, Mrs. E. J. Sooy and Mrs. J. F. Allen.

Reports Given.

The report of W. J. Brady as superintendent of the Sunday school showed a substantial growth during the year, the membership now totaling 148, with the average attendance practically at that point. Liberal contributions have been made during the 12 months.

Mrs. J. W. Walton reported for the Ladies' Aid society expenditures during the year of $296.50, with a balance in the treasury of approximately $60.

Mrs. G. C. Guthrie as treasurer of the board of trustees presented a report covering the general financial activities of the church. This report showed that in meeting the regular budget and clearing up an obligation during the year that expenditure of $8,747 had been made. The year is closed with all bills paid and a balance in the treasury.

The report for the deacons' fund was made by Prof. J. H. Rayhill and showed a satisfactory balance.

The statistical report of W. T. Brown, clerk of the session, indicated a slight net increase in membership during the year. Mrs. R. R. Stevenson was appointed by the church to have general charge of missionary effort. The pastor referred to the excellent work being done by the young people's society, of which Miss Helen Kamm is the president.

To Name Supply Committee.

There was some discussion with reference to the appointment of a committee on pulpit supply. Among those who expressed views were: Messrs. Ensley Moore, William McCormick, Frank Elliott, O. F. Conklin and W. J. Brady. It was decided that it would be more in accordance with custom to appoint the supply committee subsequent to the date that the pastoral relation has been dissolved.

Particular interest was shown in the report of the New Era benevolence, which the pastor had in printed form showing that the church gave to this movement during the year $1,597.47. The record of Westminster in this regard is one of the best in the presbytery as the fund was raised very promptly and the full quota of the church was met.

After an altogether harmonious session the meeting adjourned with a prayer by the pastor. Then came a brief social hour in the parlors of the church, during which members of the Ladies' Aid society served refreshments.

RY CLUB ELECTS NINE DIRECTORS

Directors For Ensuing Year Chosen at Friday Luncheon of Club — Lieut. Ivan Rossiter Makes Brief Address.

At the Friday luncheon of the Rotary club nine directors were elected to serve for the ensuing year. The directors will meet at a comparatively early date to select officers and will enter upon their duties May 1. The directors selected are: M. L. Pontius, H. M. Capps, Vincent Riley, John S. Hackett, Paul Samuell, Earl Spink, F. J. Andrews, F. J. Blackburn and T. M. Tomlinson.

Some further plans were made for the district meeting at Bloomington, after reports had been heard by the members of the special committee including Thomas Hopper and Walter Ayers. There was a special musical program with F. B. Mauck as the leader.

Among guests present were: J. T. Walbridge, C. Justus Wright, Elzie Bown and Wilson Akers.

Want Military Company.

A report from a special committee appointed to investigate the local militia situation was presented. John J. Reeve, as chairman, presented this report which recommended that the members of the club and the business men of Jacksonville give their hearty support to the local company. The resolution stated that after investigation the members of the committee felt certain that it is of importance to the community to maintain this organization and that citizens generally should give it their support. Funds are not needed, merely the interest of the people.

Edward Brennan of the committee presented a resolution referring to the same subject wherein business men agree to encourage their employes in holding company membership.

Albin Molohon, a student of Jacksonville high school, was present to make mention of the feeling that some of the high school students have with reference to the naming of the new building. He said that a petition had been widely circulated and signed by business men and that the students would like to have the support of the Rotary club. President Capps stated that there was no time for discussion of the question and suggested that a committee be appointed to investigate the matter and make a later recommendation. This was the course adopted and the president is to name the committee.

Lieut. Rossiter Talked.

Lieut. Ivan Rossiter was a guest of the club and made a very informing address based upon his war time experiences as a prisoner of war in Germany. Lieut. Rossiter, it will be remembered, was one of the chautauqua speakers last summer and this year has been resident in Jacksonville, taking special work at Illinois college. When the war came on he was at his home in Medicine Hat and enlisted with the Canadian troops. He was wounded at Ypres and was subsequently taken prisoner. Because of his experiences he has first hand knowledge of conditions within German prisons and the care accorded wounded men by German physicians and surgeons. He can testify that these same professional men supposedly holding an advanced position in the world of science, did not give to the men care at all equal to that accorded to the wounded men behind the allied armies.

Lieut. Rossiter has been thru the period succeeding the war a close student of events. In closing yesterday he voiced the view that there is need for the rest of the world to keep an eye on Germany. The German spirit is unbroken, in his opinion, and such advances have been made in gaining control of Russia that another German empire may be in the making. He said that many of the men connected with the alleged Republic of Germany were associated with the government in the days of the kaiser's rule. "Keep an eye on Germany" is a slogan that Lieut. Rossiter feels is well worth while.

James Morrow of the Prest-O-Lite Battery Service company, was in Jacksonville yesterday. Mr. Morrow is staying in Carrollton with his father who is seriously ill.

A Clean Scalp and Healthy Hair

Many of your friends have found that a luxuriant growth of hair—soft and glossy—and a scalp free from dandruff will result from the use of

Nyal's Hirsutone

This is the procedure—

Wash the hair with warm water and a pure soap—rinse thoroughly—rub the scalp with a stiff brush—apply Hirsutone—rub it in well and dry the hair before combing.

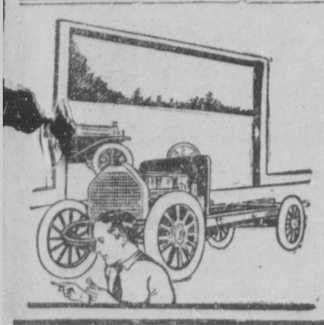

Please understand that Hirsutone is not merely a hair-wash—it is a tonic—a food.

While it thoroughly cleanses, it also prevents bacterial action—nourishes and stimulates the roots of the hair—removes all dandruff—prevents its return—and preserves the natural beauty and color of hair.

Nyal's Hirsutone should be on your dressing table. It sells at 50 cents and $1.00 the bottle.

Who Should Be President of the United States?

"General Wood is a national figure and has been one for over twenty years. His patriotism has been expressed in constant service of the nation as administrator and soldier. It is a record which the Republican party could proudly assert and it establishes General Wood's name in American history regardless of the political events of the present year."
—THE CHICAGO TRIBUNE, *Editorial, Mar. 25, 1920.*

YOU'RE going to vote for somebody for President — at the Preference Primary, Tuesday, April 13. It is your one opportunity to let the country know where you stand. When you come right down to it, remember that you really will be voting for yourself when you vote for the man you believe in and the man you want. You'll be voting for yourself, because he will be the man you want to represent you and your ideas in the White House.

No primary in the history of Illinois has meant so much to the average man in this state. The "Favorite Son" idea and blind partisanship should have nothing to do with this question.

It is beyond that; more than that.

You want the man whose character and abilities have been proved in the actual conduct of great national and international affairs; not merely tried in the problems of any one state. This is the one time of all others when an outstanding national figure should be selected—Leonard Wood is the man.

LEONARD WOOD
For President

REMEMBER, neither candidate was born in Illinois. Both are sons of other states. One was born in Minnesota, the other in New Hampshire. Minnesota has already given her overwhelming vote to Leonard Wood against her "native son" candidate. South Dakota has followed with an endorsement equally strong for Leonard Wood.

Both have lived outside of Illinois. Both now live in Illinois. Do not be misled on this issue. You should vote solely on their fitness for President.

Leonard Wood has been tested and tried He found Cuba in a condition of squalor and savage anarchy. For more than a century it had suffered military oppression which has few parallels in history. For more than two centuries it had been the fever-plagued spot of the world.

The streets were open sewers. People were dying by the thousands. The island was infested by bandits and brigands — *only profiteers flourished.*

It was Leonard Wood's task to build a republic out of this military colony, prostrated by four years of warfare; to build a republic in a country where popular elections were unknown and where the vast majority of the population couldn't even mark a ballot.

He cleaned the streets and rid the island of yellow fever. Beginning at the bottom he taught the people to read and write — established a system of schools — and then trained them in self-government.

He abolished profiteering and eradicated corruption. He provided Cuba with a constitution and established a swift, impartial justice. He turned a baukrupt nation, notable chiefly for starvation, disease and disorder, into one of the most contented and prosperous countries in the world. Paid all her debts and left $1,000,000 in her treasury.

All this work has passed into the solid achievement of history — a record worthy of a Washington or a Lincoln—a training seemingly ordained to fit Leonard Wood for President of the United States.

Neither England with her boasted ability for colonial administration, nor France with her marvelous record, has ever produced so remarkable a genius in constructive government as Leonard Wood. Lord Cromer told his home government that the one man best qualified to succeed him in Egypt as Governor was Leonard Wood; but unfortunately he was an American.

LEONARD WOOD has a world-wide, proved reputation as an administrator. He does not invite disorder by vacillation or indecision—his clear, well-defined purposes avoid trouble and render force unnecessary.

One of the greatest gifts in statemanship as well as in business is the ability to choose the right man for the right work. Leonard Wood has this ability. In Cuba from the very start he chose Cubans as members of his cabinet. That is one of the reasons they loved him—that is why they worship him to this day.

The Encyclopedia Britannica flatly states that Leonard Wood struck off the shackles of military control to which the colony had been previously subjected and converted it into a nation governed for the Cubans and by the Cubans.

This then is the record of Leonard Wood in Cuba—a record of the far sighted administrator and statesman—yes, a nation builder. His work in the Philippines is equally as marvelous as in Cuba. Theodore Roosevelt said of his work: "It would be difficult to find anywhere a finer record of successful accomplishment." In this crisis of the world's history we need a man for President, with the experiences and qualifications of a nation-builder and a nation-restorer.

The secret of success of Leonard Wood is that he knows men, he knows the world and its peoples. His work for Uncle Sam has taken him around the globe. He is a man of peace and yet of courage. Above all else—he is 100% American—strong, rugged and dependable. You need, the country needs, Leonard Wood now, just as it needed Abraham Lincoln sixty years ago.

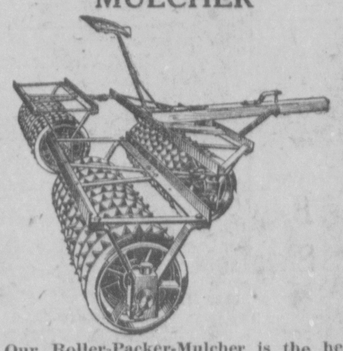

We ask you to resolve to go to the polls Tuesday, April 13, and show your belief and confidence in Leonard Wood. The whole country is waiting to hear what Illinois is going to say and it is for you to do the saying. They are relying upon your good judgment and common sense. You personally are responsible. You owe to them and to your conscience to vote your *real* preference uninfluenced by local pride or prejudice, or local politics.

We ask you to do your part because we believe Leonard Wood is the man you want.

The TOWER SYSTEM of CULTIVATION

THE "TOWER" ROLLER-PACKER-MULCHER

Our Roller-Packer-Mulcher is the best land roller on the market. Roll your oats and wheat in the spring, when the ground cracks open, and notice the results when you thresh. Use the roller to prepare your corn ground for planting. The loose sprocket wheel keeps the roller clean; it not only crushes the clods but it is a subsoil packer and preserves the moisture.

THE "TOWER" PULVERIZER

Our 8 and 10-foot Pulverizers are the best made. They make a perfect seed bed for planting.

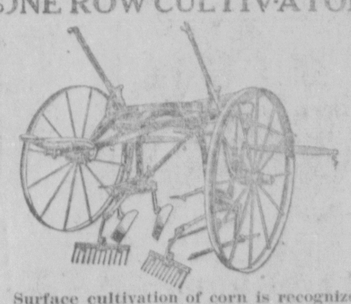

The "Tower" System

Thousands and tens of thousands of farmers in Missouri, Illinois, Iowa, Indiana, Ohio, Kansas, Minnesota, and South Dakota are using nothing but "The Tower System."

The J. D. Tower & Sons Co.
Mendota, Illinois.

These valuable tools may be purchased from any of the following reliable dealers in this neighborhood:
Chapin, Hall Bros.
Franklin, Hall Bros.
Jacksonville, Hall Bros.
Murrayville, Hall Bros.
Waverly, Graves & Curtis.

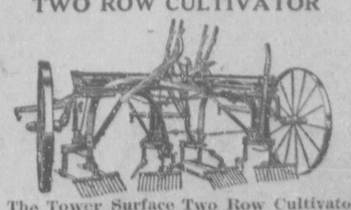

THE "TOWER" ONE ROW CULTIVATOR

Surface cultivation of corn is recognized by Corn Growers all over the Corn Belt of America as the best method.

By this system you save the corn roots, preserve moisture and raise more corn and better corn on the same amount of ground with less labor.

THE "TOWER" TWO ROW CULTIVATOR

The Tower Surface Two Row Cultivator is used very extensively and very successfully in the cultivation of corn. In using this tool the farmer should take the two rows as they were planted by the planter. One man and three horses can do practically the same work as two men and four horses, thus eliminating not only one horse but also one man, and in this day of high priced labor this elimination of a high priced man is valuable to the farmer. The Two Row Surface Cultivator does the same kind of work as the One Row.

PREPARING the Spring seed bed is a quick, sure job for the Bates Steel Mule.

Its Crawler traction does not slip on the soft ground and therefore allows double discing and harrowing in one operation.

It also does this work at a fast speed, thus making a finer seed bed than is possible with most tractors.

The Bates Steel Mule does not pack the ground because of the broad Crawler surface and allows the tractor to rest on top of the ground as lightly as a child's foot.

The front wheels make easy steering and comfortable riding.

BIRTHDAY DINNER FOR CONCORD RESIDENT

Mrs. Ernset Sanders Gives Pleasandt Surprise by Ladies of M. E. Church — Christian Ladies Aid Gave Kitchen Rush—Other News.

Concord, April 2.—The Ladies Aid of the M. P. church met at the parsonage with Mrs. Yemm on Tuesday afternoon. An interesting meeting is reported.

Mrs. Ernest Sanders was given a birthday dinner on Wednesday, March 31st, by the ladies of the M. E. church which was a highly enjoyable affair.

The members of the Christian church gave a kitchen rush on Thursday afternoon for the benefit of the new kitchen and dining hall recently purchased by the Ladies Aid society.

Mrs. G. W. Rentschler was taken with a chill on Monday night, caused by a bilious attack. Dr. J. M. Swope is her physician and gives assurance of her early recovery, tho she is no longer young.

Augusta Tiemen has suffered a relapse and is not so well as she was last week.

Troy Williams is laid up with a very sore hand which required surgical attention.

The college glee club of Jacksonville will give a concert at the M. P. church on Tuesday night, April 13th.

Mr. and Mrs. Omer Brockhouse and Archie Brockhouse of the Meredosia neighborhood spent Sunday at the home of Sam Brockhouse near Pleasant View.

Mrs. A. J. Wheeler and Miss Charlotte Norton went to Jacksonville on Tuesday on a shopping expedition.

The little rain of Wednesday night halted oats sowing and potato planting.

Minister Allen of Auburn, N. Y. preached some very interesting sermons at the Christian church the first of the week.

"Sunny" Jim Scholfield of Peoria is conducting a very enjoyable week meeting at the Christian church.

The telephone service between Chapin and Concord has been in a bad condition on account of the two windstorms.

The high wind of Sunday blew down a venerable walnut tree on the Henderson farm that was about 100 years old. It stood near the stock well and the pump was damaged by being struck by a large limb. Our neighbors report numerous minor damages to their farm buildings. Sheds, cribs and other small buildings were unroofed and damaged in various ways. Our barometer reached the low point for season during both storms, viz:: 29.70 inches.

Loyce Plank and Velva Brockhouse of the Pleasant View school are taking the central examination at Concord this time.

Mr. Crigler of Jacksonville, the walnut log man was transacting business in this neighborhood on Tuesday afternoon.

The road district election next Tuesday will be warmly contested in No. 4 at Baker school. The candidates for commissioner are, the present incumbent G. W. Nortrup, who is opposed by J. Wallace, William Fisher and J. Z. Fox. For clerk we have as candidates, Owen Hamilton, Ed Gilliland and John Schroeder.

J. G. Wester was a Jacksonville visitor on Wednesday to see a dentist.

"FORDSON TRACTORS VS. HORSES"

The following is a comparison between Motive Power Farming and the old way, or Farming with Horses. For instance:

Four good horses or mules will cost	$1,000
2 sets of work harness will cost	180
1 gang plow will cost	160
1 disc harrow will cost	150
Total	$1,490
Fordson Tractor will cost	$ 875
No. 1 7 Oliver gang plow will cost	135
1 Roderick Lean tandem Disc will cost	135
1 pulley	48
Total	$1,193

Making a total of two hundred ninety-seven dollars difference in favor of the Fordson Tractor, and that $297. will buy enough gasoline and oil to run that Tractor a long time.

"LISTEN"—You can buy any one of these articles at price listed. But: It will pay any one to buy the complete outfit and then you will be ready for a big season's work.

We have just a few left and when these are gone, it will be some time before we can get another load. Why not take advantage of the opportunity and take one of these now on the floor and go right along with the season's work. You said you would not buy a car, but you did. You have said you would not buy a tractor. But you will, sooner or later. Your neighbors are all buying tractors and you of course are not going to let your neighbors get ahead of you.

Now—"A word to the wise is sufficient." If you have plowing of any kind, discing, drilling, dragging or farm work to do, call us up and let us come out and demonstrate to you. We can do it, and if you don't believe it, make us prove it. We have both phones No. 331.

Respectfully,
C. N. PRIEST,
The Ford Man.

DUN'S REVIEW

(By the Associated Press)
NEW YORK, April 2.—Dun's tomorrow will say:
"Seasonal characteristics appear in retail distribution which developes increased animation as spring advances and reports of the Easter turnover, nothwithstanding the prolonged era of extreme prices seem almost uniformly favorable. After several years of rising prices, embracing practically every commodity the continued large movement of goods into consumption is especially noteworthy and demonstrates the enhanced purchasing power accruing from the higher wages and the unusually profitable returns from business and agriculture is still present in many channels.
"Measured by the first quarter's insolvency statement, which discloses fewer failures than in any similar period in four decades trade and industry maintain a position of strength and stability, and the recent turn for the better in foreign exchange has rendered financial aspects more reassuring and has been helpful to general sentiment.
"Weekly bank clearings $8,067,599,910."

CADILLAC STATION GETS SERVICE MAN

George Gilligan, formerly with Travis Cadillac Co., Peoria, has been secured by Bert Young to take charge of the Cadillac station in this city. Mr. Gilligan is a thoroughly experienced auto mechanic, never yet having been stumped by any car trouble brought to him. Mr. Young will be glad to have Cadillac owners, or others, call and get acquainted and learn the cause of any trouble they may be having. This is the first scientific automobile man ever brought to Jacksonville.

A BUSY PLACE

H. L. Doan just returned from St. Petersburg, Florida, says that city has become very popular with tourists and houses of all sorts are in much demand. A cottage with kitchen, bath, sitting and bedroom rents for $480 for the season and apartments that formerly rented for $400 for the season now bring $700. The intention of the owners is to get a year's rent during the four or five months tourists are in the city. He says that in one day property to the value of $600,000 changed hands. Many new apartment structures are being put up and still there is need of more.

No, friends, this isn't a puzzle, it's just the different price coffees we handle. There's a difference in coffees as there is in apples or flour. They are all real coffee, but the higher priced is a finer grade, grown on richer soil and more carefully selected, berry by berry. The higher priced is richer, stronger and more economical. — SCHRAG-CULLY Coffee Co.

REPUBLICAN WOMEN MET AT LUNCHEON

Women of Twentieth Congressional District are Guests of Mrs. J. J. Reeve, District Chairman —Encouraging Reports Given.

A meeting of the various county chairmen and workers of the Republican women of the Twentieth congressional district was held at the Peacock Inn Friday. The meeting was called by Mrs. J. J. Reeve, chairman of the district, and was held following a luncheon at the noon hour.

Mrs. Reeve presided and called upon Mrs. Miller Weir, who four years ago had the distinction of being the first Morgan county chairman of women voters. At that time Mrs. Lillian I. Danskin served as secretary of the organization. Mrs. Weir gave an interesting account of the work carried on at the earlier period and told how her interest in "votes for women" first came about. That the work of the women four years ago was well planned and executed was evidenced by the fact that the county carried 1,000 for Lowden and 401 for Hughes.

Scott County Women to Vote

Among the reports given was that of Miss Ethel McClure, chairman of Scott county. In that county the women are to have the opportunity of voting for precinct committeemen and the ballots are now being printed for that purpose. Miss McClure announced the appointment of Miss Olive Wells as county publicity woman; Mrs. J. C. Grout, chairman speaker's committee; Mrs. G. A. Clarke, chairman of finance; Miss Frances Coultas, chairman Lowden committee. The latter is also serving as secretary of the Scott county Republican women's organization. Miss Lena Kortey of Bluffs and Mrs. Edward Cumby of Glasgow are members of the committee.

The organization has not yet been fully effected in Menard county, according to report made by Mrs. George Warinsing of Petersburg. At the suggestion of the precinct committeemen of that county, the women will not organize until after the spring election, when a number of new committeemen will be elected.

In Pike county twenty four of the thirty two precincts have been organized, according to report made by Mrs. Helen Lewis Grigsby of Pittsfield. The women of Pike county will not vote April 13, as no ballots have been prepared.

Mrs. Fred M. Edwards, who was to report for Jersey county, was unable to be present. However, she sent in a report indicating that the Lowden sentiment was exceedingly strong in that county and that it seemed likely that there will be a large Republican majority in this, formerly a Democratic county.

Mrs. Danskin Speaks

Mrs. Danskin, who has but recently returned from several weeks spent in Lowden campaign work in South Dakota, was next called upon. Mrs. Danskin spoke briefly and informally and then indicated that she would be glad to answer questions about the work she has just completed. However, she intimated that the work to be done here was of more moment than that which she had done in the northern state. Special attention was called to the meeting to be held today at the court house, when W. F. Spence of Metropolis will speak.

The organization in Morgan county has been as far completed as will be the case until after the new committeemen are elected, was the report of Mrs. Alexander, the county chairman. She also reported the organization of the colored women of the city.

Altogether the meeting yesterday was a very enthusiastic one and the reports given were of a most encouraging kind.

INTERCHURCH COUNTY CONFERENCE PLANNED

Series of County Conferences to Be Held Thruout the State—All Day Conference at St te Street Church April 8.

A series of county conferences in connection with the Inter-Church World movement is being arranged thruout the state of Illinois. Rev. J. O. Kirkpatrick, convener for Morgan county, is in Chicago attending a conference of workers preliminary to the county conferences. There will be twenty four groups of five persons each, and each team is to visit four counties.

The team of which Rev. Mr. Kirkpatrick is the chairman will visit the counties of Montgomery, Cass, Sangamon and Morgan counties and the dates have been arranged as follows: Hillsboro, April 6; Springfield, April 7; Jacksonville, April 8, and Virginia, April 9. The conference in this city will be held at State Presbyterian church and will begin at 10 a. m., and close at 9 p. m.

The conference is open to the public and it is hoped that the attendance will be large. All the Evangelical Protestant churches of the county will have as their representatives their respective pastors and at least one man and one woman member. An interesting feature of the program, a complete outline of which will be published later, will be a survey of the world's needs, illustrated by the stereopticon.

JOINT DEBATE OF PHI ALPHA AND SIGMA PI

Will Be Held April 8—April Will Be Month of Debates at Illinois —Students Are Showing Great Interest in Debating.

The debate schedule of Illinois College is evidence that debate has not passed out of existence as a part of Illinois College life. During the month of April there will be a debate every week.

The Joint Debate between Sigma Pi and Phi Alpha will be held Thursday, April 8, the question for debate is "Resolved that Labor Disputes Within Public Utilities should be settled by compulsary Arbitration." Franklin Scott, William Scott and Bernard Frazer will defend the affirmative for Sigma Pi and John Martin, Arnold Hegstrom and Ivan Rossiter will uphold the negative. Both teams have been at work for several weeks and will doubtless expose the issues of this much talked of and written about subject. The camouflage of the strike question will be torn away and the real issues exposed. This debate should be of interest to the general public, and is always of great interest to the old members of the societies.

On April 16 the Illinois affirmative team will debate Monmouth at Jacksonville. The negative team will debate Augustana at Rock Island.

April 23 the Illinois affirmative team will meet Carthage at Jacksonvile, and the negative team will meet Shurtleff at Alton.

April 27 the Freshmen of Illinois College and the Freshmen of Knox College will debate the question, "Resolved that Military Training Should Be Adopted in all Colleges and Universities in the United States."

The affirmative team, Howard Wilson and Lowell Andrews, will debate in Jacksonville and the negative team, William Hegstrom and Fred Hackins will debate in Galesburg.

Easter! Get *ready!*

The Robin is whetting his throat and brightening his vest. The buds are getting ready to unfold. Here and there a blade of grass is about to "bust" forth from the war mdark loam. Why?

Because Easter is coming—Spring—the starting anew of the world's life, including the human hearts and spirits and ambitions.

Easter means shedding winter's gray garb—tuning up to the wonderful days ahead. A man's way is to step forth in new attire.

WHY WE CAME TO JACKSONVILLE---

(Continued from Our Last Ad.)

People who have heretofore "sent away" for merchandise will find it will pay them to travel many miles, if necessary, to partake of the every-day values we offer.

Attend the opening for proof!

You will quickly be convinced that this in truth is "the store for everybody."

Opening date will be announced later.

FROM ONE SMALL STORE TO A NATION WIDE INSTITUTION

How long since your first store was started?

That is a question we frequently hear in our stores. Perhaps the same question has come to your mind. We are grateful for that inquiry, because it convinces us of your sincere desire to know more about us, our methods, and our growth.

Our first store was opened in April, 1902, just 18 years ago, at Kemmerer, Wyoming. Small though that store was, it was instituted with the idea of giving the greatest possible service, and asking in return the least possible profit.

The few years that have passed since 1902 have brought most gratifying rewards from our many thousands of appreciative patrons.

Our rapid growth from one to two hundred ninety-seven stores is convincing evidence that our policy meets with popular approval to a nation-wide extent.

The same policy that built our business from one small store in Kemmerer, Wyoming to 298 Busy Stores in 28 States will be the policy of our Jacksonville, Ill., Store.
